The coaches whittled the squads to 15 girls and 12 boys from the hopefuls, and these 27 topnotch cagers went all out for a very profitable season.

Organizations

Serving in its traditional position as the connecting link between the student body and the administration, the Student Council this year carried out several projects for the material benefit of Marion High School and its students.

Tackling the need for school facilities, the Council purchased towel racks for the rest rooms, and a permanent filing cabinet for Student Council documents.

These achievements, together with the excellent work of the newly created Lower House, were the fruits of a highly successful year.

The Beta Club's for leadership. . .

The National Beta Club is a service organization composed of Juniors and Seniors who have maintained at least an eighty-five average. The members must have shown themselves to be of outstanding character, leadership, and achievement.

The wheel is often connected with Beta ideals. The hub represents character; and the spokes; scholarship, helpfulness, school spirit, patriotism, and leadership. All of these qualities are bound together by the rim of service.

Among projects sponsored by the club are annual dance, the sale of "Mudders," and a talent show.

Members of the Beta Club are always promoting the ideals of honesty, service, and leadership, and also encouraging students to continue their education beyond high school.

The members are, First row, left to right: Dicky Johnson, Ronald Bailey, Brenda Robinson, Bill Lonon, Tommy Bach, Nell Wilkerson, Bobby Hunter, Juanita Parker, Mary Dameron, Bill Hemphill, Dan Davis. THE MARION HIGH SCHOOL BAND

"What a great sound!"... If you had been in the stadium at Bristol, Tennessee, on the night of October 16, 1961, when the Marion band members bowed their heads and stepped backwards off the field, you would surely have heard this exclamation coming from the mouths of many of the spectators. Wherever the band is heard, whether playing at a football game, pep rally, or concert; or serenading Miss America, Marion High has reason to be proud of claiming the biggest and hardest-working band in the state.

Mr. Beam is the man who sees that the schools in Marion are kept running. He is constantly working for the better interest of students and teachers. His office is at City Hall thus keeping him from daily contact with the students, but Mr. Beam is always there. He is the man behind the scenes.

Mr. Elledge is the man who actually goes to school with the students. He has to be here at the same time as the students, and often doesn't leave until dark. His long days are spent in running a well-rounded school. He is the man who has to handle the touchy problems of the parents, the students, and the teachers.

ENGLISH and SPEECH DEPARTMENTS

This year the English Department has used records more than in previous years to teach vocabularies and literature. But still the excellent teaching of our English Department Staff plays the major role in our English classes. One of Mr. Carter's Senior English classes is shown above. The most remembered of the great literature works taught in our literature classes are "The Rime of the Ancient Mariner," "Idylls of the Kings," "Julius Caesar," "Thanatopsis," "Beowulf," and "Canterbury Tales."

The Speech Class participates in group discussions, one-act plays and programs for chapel and clubs. During the year, parliamentary procedure is studied.

Left to right: Miss Catherine Alley, Senior Math; Mrs. Kate Lindsey, Algebra II, Plane Geometry, and Solid Geometry; Mrs. Edith Davis, Math, and Algebra I.

MATH DEPARTMENT

The Math Department of Marion High School is certainly one to be proud of. It offers to the students a well-rounded background in math.

For reviewing the basic fundamentals of arithmetic, Math I is available.

Algebra I and Algebra II courses cover Algebra thoroughly. One of Mrs. Davis' algebra classes is shown below. If a student desires to gain a more complete knowledge of algebra before entering college, he or she may take the College Algebra Course. This enables the student to progress more with the work in this field while in college.

To make the Department complete both Plane and Solid Geometry are offered.

Any student leaving M.H.S., if he or she has taken advantage of what the Department has to offer, will have one of the best math backgrounds possible.

Math and science. . vital for success

SCIENCE DEPARTMENT

The General Science classes have been studying about rocks and minerals, and have taken a field trip to Boone concerning this subject. In Biology the students are learning to bisect worms and frogs and to identify the parts of their bodies. Learning valences and studying elements occupies most of the Chemistry students' time. The Physics students are busy finding the resolution of forces and pounding formulas into their overworked brains.

COMMERCIAL and SOCIAL STUDIES

M.H.S. Students feel fortunate in having the opportunity to take advantage of the splendid commercial courses which are available to them.

These courses of General Business, Bookkeeping, one class which is shown above, Office Practice, Typing I, Typing II, Shorthand I and Shorthand II help the student to develop a sense of good wholesome business leadership. The courses create interest in choosing a business future and encourage helpful and educational projects.

The courses in Home Economics teach and help to perfect the arts of sewing, cooking, furniture refinishing, etc.

For the students who are interested in social studies, a wide variety of subjects are offered. These subjects are Civics, Geography, World History, U.S. History, and Sociology and Economics.

The students learn of the past and of how ours and other countries came to be. Through some of the courses, students learn about the operating of the government and of the part they will play in it tomorrow.

Left to right: Mrs. Bob Withrow, French I and II; Miss Catherine Alley, Latin I and II; Miss Mildred Glenn, Librarian.

LIBRARY and FOREIGN LANGUAGE

The Library of Marion High School serves the pupils well. The literature in it furnishes information about almost any given subject, as well as providing various kinds of books to stimulate interest in reading. Miss Mildred Glenn is the very efficient librarian.

The foreign language departments teach the students to be proficient in that particular language of either French or Latin. Also, with the aid of teachers Miss Catherine Alley and Mrs. Bob Withrow, exquisite cultures of Rome and France are brought into the classrooms each day. In the picture above, Mrs. Withrow is instructing a class in French I.

HOME ECONOMICS and MANUAL ARTS

Cooking, sewing, refinishing furniture, and even washing dishes—all of these go in the Home Economics classes and are all a part of a good future homemaker. Mrs. Flora Homewood, home economist, instructs girls in many fine points of homemaking.

In the Manual Arts classes, more commonly known as shop, boys learn to make different pieces of beautiful furniture. Mr. William Rogers instructs the course in which he teaches not only the names of the tools, but also the proper use of each.

Boys' and girls' Physical Education classes are required for all students at M.H.S.

JUNIOR CLASS OFFICERS

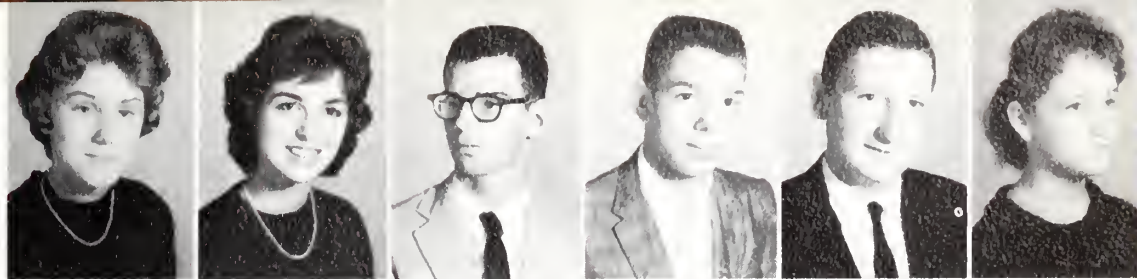

Left to right: Secretary, Doris Lewis; Vice-President, Herman Stepe, President, Jim Petit; Treasurer, Jeff Hartley.

At last the day has come when we can call ourselves upperclassmen! We look with pride upon what we have accomplished thus far; and, at the same time, look ahead to the future with confidence.

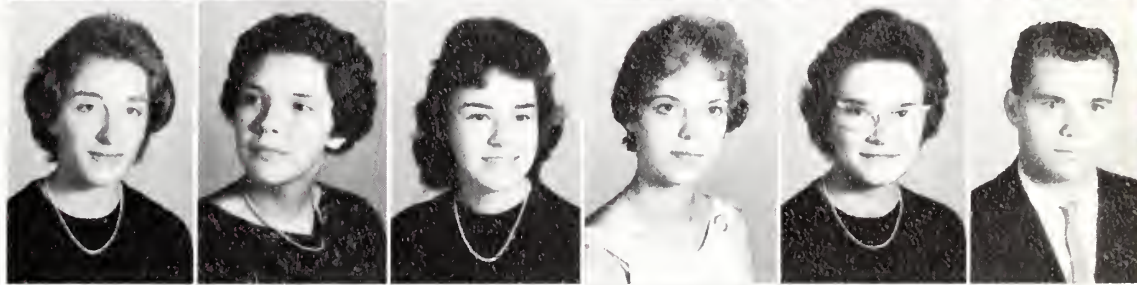

By being Juniors, we are now eligible for and participate in many more of the school activities. We're looking forward with anticipation to presenting the Seniors with the Junior-Senior.

The Junior Class is very proud to be a part of Marion High, and we, as a class, hope sincerely that we have contributed to the betterment of the school.

SOPHOMORE CLASS OFFICERS

Left to right: Treasurer, John Tucker; Secretary, Grady Revis; Vice-President, Rick Lonon; President, Jerry Seagle.

Here we are! Sophomores! The time has just flown by. This year we have been taught that we will have a much greater influence on this country than any generation ever has. Most of us are beginning to realize what school really means.

Many of us are outstanding students or athletes. We are

thankful for last year when our teachers put us on the right track for success. If we don't make it, it will be our own fault.

With all of our parties and other fun we have had, our year was very successful.

We all believe that the class of "64" will rank among the most outstanding that has ever attended Marion High.

August 25, 1961... The day we had all looked forward to for so long had finally come. Courageously we entered Marion High School, fully aware of our plight.

After a few days, much to our distress, we realized how little

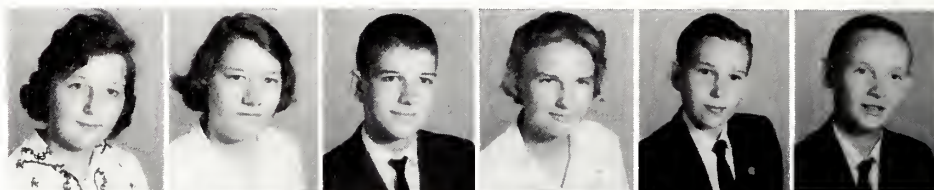

we knew and how much we had to learn. However, aided by the helping hands of all our teachers and upperclassmen, we became accustomed to the daily routine and found highschool much more enjoyable than we had expected.

We are now looking toward the future with the anticipation of working harder scholastically and yet finding the next three years as rewarding as the first one.
